## SUMMARY

Full Stack Web Developer graduating in the top of the class from Georgia Institute of Technology's Web Development Bootcamp. Developed Market Dash, an AI-powered marketing optimization tool focused on simplifying the user experience. Former Real Estate business owner with over \$6 million in sales within a 12-month period. Strong background in managing professional relationships, data-driven decision-making, and finance.

## TECHNICAL SKILLS

**Technical Languages:** JavaScript ES6+, SQL, HTML5, CSS3

**Applications:** MongoDB, MySQL, GitHub, Express, React, Node, Handlebars, jQuery, Bootstrap, Tailwind CSS, Ethereum, ProLink

## PROJECTS

**Market Dash** | <https://github.com/EverittGill/Market-Dash> | <https://tinyurl.com/market-dash>

- *Highly responsive AI powered marketing tool to allow farmers market vendors to promote their products and shoppers to preview the market with the help of my custom AI assistant*
- *Developed the AI assistant and back end. I was the first student ever in my bootcamp to develop a chatbot that connects to our back end data.*
- *Used OpenAI API, GraphQL, MongoDB, React, Tailwind CSS, Apollo Server and Client, NodeJS, NPM, client/server architecture,*

**The Vault** | [https://github.com/EverittGill/The\\_Vault](https://github.com/EverittGill/The_Vault) | <https://tinyurl.com/the-vault-password-saver>

- *Encrypted password saver allowing users to create an account and store passwords for websites or offline use*
- *I worked in all areas of this application from the HTML/CSS to the back end encryption.*
- *Used NPM, NodeJS, Bootstrap, Handlebars, Model View Controller architecture*

## Soccer Betting Game

<https://github.com/EverittGill/Soccer-Betting-Mini-Game> | <https://tinyurl.com/soccer-betting-game>

- *A rather funny front end application to bet on soccer games*
- *I wrote almost all of the HTML and CSS for this as well as some of the JavaScript*
- *Used Bing maps API, sports API, HTML, CSS, JavaScript, jQuery, DayJS, Bulma*

## WORK EXPERIENCE

### **Redfin June 2021 – July 2022** *Real Estate Associate Agent Asheville NC*

- Used proprietary software to advance my ability to guide clients through the home buying and selling process with less stress and greater success
- *Developed and maintained professional relationships with clients*

### **Everitt Gill Real Estate August 2019 – May 2021** *Realtor/Owner Jacksonville Beach, FL*

- Performed all jobs associated with being a Realtor and sold \$6,000,000 over a 12 month period
- Focused on lead generation, client follow up, and education daily
- Provided the highest level of service at all times to my clients and other agents
- Developed and implemented successful marketing campaigns over multiple mediums

### **Pattison English January 2019 – July 2019** *English Teacher Harbin, China*

- Taught English as a second language in Harbin, China
- Worked with special needs students to offer specialized support
